Vision

The Harwood Museum of Art brings Taos arts to the world and world arts to Taos.

Mission

The mission of the Harwood Museum of Art of the University of New Mexico is to collect, preserve, exhibit and interpret the arts, especially those created in, inspired by, or relevant to northern New Mexico. The museum advances the University’s mission and engages diverse audiences by stimulating learning, creativity and research through exhibitions, programs and publications.

Significant Developments During 2012-2013

Between July 2012 and June 2013 the Harwood Museum of Art served 26,313 people through exhibitions, educational programs and public programs. This figure represents a 10% increase over the previous year’s attendance, and a 43% increase in attendance since FY10. General admissions – attendance for visitors attending exhibitions – was 10,358, a 6% increase over FY12. 7,584 people attended public programs such as lectures, films, receptions and other special events, while 8,371 people were served by educational programs such as Art in the Schools, the Neighborhood Arts Project, and fee-based classes for children and adults. This figure represents a 27% increase over participation in educational programs in FY12. 4,710 children were served by the museum’s Art in the Schools program, with another 1,393 children participating in the summer Neighborhood Arts Project.

The top five states represented in museum visitation for admissions and public programs were New Mexico (32%), Colorado (8%), Texas (7%), California (6%), and New York (2%). Breaking down New Mexico, the top five zip codes for total attendance were the Taos area (17%), Santa Fe (6%), and Albuquerque (5%).

Strategic Plan

This year the museum made significant progress against action items articulated in the strategic plan approved in June 2010. Of particular significance were three major exhibitions presented in collaboration with ISEA2012 Albuquerque: Machine Wilderness, five major exhibitions presented in collaboration with the Town of Taos’ Remarkable Women of Taos promotion, and early development for a major traveling exhibition scheduled for 2016 entitled Mabel Dodge Luhan & Company: American Moderns and the West. The Harwood also organized a national tour of Agnes Martin: The New York-Taos Connection (1947–1957), adapted from our Agnes Martin: Before the Grid exhibition and hosted by the Albright-Knox Art Gallery in Buffalo, New York January 26-May 12, 2013. Other developments included the inaugural Art of Wine
fundraising event, a very effective partnership with the Taos Winter Wine Festival and the Great Chefs of Taos that raised nearly $20,000 for the museum’s exhibitions.

**Finance**

Below is a summary of the Harwood Museum of Art’s operations for FY13. Total revenues, excluding any balance forwards, totaled $896,389, of which 45% were contributed by the University by way of Instruction and General Funds. The remaining revenues are a combination of earned income and charitable funds. Approximately 79% of I&G funds and 30% of all other funds are committed to salaries and payroll associated expenses. The remaining dollars support administrative operations, exhibitions, educational programs, repair and maintenance as well as custodial needs.

General Operations and Programs
In FY13, our budgeted charitable revenue goal was $213,500 for the Harwood’s general operations, exhibitions and programs. The total raised was $252,393 (per Banner report). This included $13,125 from the Harwood Museum Alliance, Inc. (Alliance). (The final payment of $4,375 for FY13 was not deposited until July 2013). In addition there was a contributed amount of $95,977 from endowment revenue (General, Public Programs, Stockman Family, and Tally Richards).

Harwood Museum Alliance, Inc.
The Alliance is a 501(c)(3) organization that supports the Harwood’s operations through memberships and fund raising events. In FY13, the Alliance contributed $17,000 to unrestricted general operations and $2,500 to the Lucy Perera Fund. The Alliance also contributed $7,500 toward the purchase of artwork by Victor Goler.

General Revenue
- Admissions revenue total was $58,747 in FY13.
- The Museum Store revenue of $50,285 showed a 36% decrease in sales when compared with the previous year’s performance.
- Facility Rental Fees from outside organizations, including collaborative partners such as the Taos Chamber Music Group, totaled $4038.
- Endowment revenue totaled $95,977, from which $10,000 was used to pay down the Harwood’s deficit account, leaving a deficit balance of $90,944.
- UNM Contributed Dollars totaled $406,270. This amount covered over half of the salaries and partial general building operation costs, including utilities, custodial supplies and repair and maintenance costs.
Charitable Contributions & Endowments

For Fiscal Year 2013, a total of 324 gifts totaling $1,386,457 in charitable contributions of cash, art and in-kind services were donated to the University of New Mexico Foundation for the Harwood Museum of Art. Please note that this is the UNM Foundation total, so does not include government funding sources, fundraising event monies or smaller in-kind donations.

The contributed income goal for annual operations was $213,500 for FY13. The total raised for general operations and programmatic expenses was $255,448 (reconciled from UNM Foundation gift reports and including New Mexico Arts and fundraising events). (The discrepancy between the UNM Foundation numbers and the Banner report largely have to do with a delay in the funds being transferred to Banner as well as different allocation for fundraising events).

Unrestricted Funds.

Annual Fund
The Annual Fund consists of funds raised for unrestricted operations of the Museum. One mail drive was conducted in October 2012. As the unrestricted fund balances were high, no spring annual fund mailing was conducted. Throughout the year, the Harwood received 324 gifts, 294 cash gifts. 111 cash gifts over $500 were received with 21 of those unrestricted. The median cash gift dropped from $400 to $200 from FY12 to FY13. The average cash gift was $1,465.

*Museum Learning and Public Programs*

One of the Harwood Museum of Art’s main goals is to introduce and to make accessible the collection and special exhibitions to our entire community, young and old. We offer innovative, free and fee based art programs for children and families throughout the year. We provide art enrichment programs for our local schools, and summer outreach programs that bring art into our most high risk communities. We believe that
introducing children to art at an early age provides countless benefits - encouraging creativity, building links to our histories and cultures, while also allowing for fun and experimentation. This past year we established the Faith Mallams D’Amico Youth Scholarship, a needs based scholarship, which provides accessibility to all of our fee based art programs.

*Museum Store*

The “Shop & Learn Trunk Show” series, started in October 2009, has continued to be a positive event in the Museum Store. On the first Saturday of each month the Store features a different New Mexico artist who demonstrates his or her art form at a free public reception. This program continues to increase Store sales and brings local visitors to the Museum. On-going planning for the Museum Store includes continued programming of Trunk Shows to relate more closely to scheduled Museum Exhibitions.

Siriusware Point-of-Sale computerized cash register systems are in full operation at Admissions and in the Museum Store. This system allows for a detailed sales record and comparative statistics of Store sales, admissions and public programs attendance. The annual store inventory has been streamlined and is more easily accessible due to Point of Sale system.
